PRODUCT INFORMATION *GERMAN ADLER ANTI SMOKE*

Description

GERMAN ADLER ANTI SMOKE is a high quality additive to reduce extreme soot and smoke. This additive is to use for diesel engines. It releases deposits and combustion residues and thereby maximizes the engine performance. GERMAN ADLER ANTI SMOKE increases the engine life and supports self-cleaning of the DPF. For use in all vehicles also with turbo-charger, particle filter and catalytic converter.

Application

Fill GERMAN ADLER ANTI SMOKE directly in diesel tank before refueling. The additive will mix automatically with the fuel to unfold its full effect. Add 300 ml to your diesel tank every 2000 to 5000 km. GERMAN ADLER ANTI SMOKE is sufficient for 80 L diesel fuel.

Storing

The product should be stored in a dry and well ventilated room.

Advantages/Benefits

- high quality additive for diesel engines
- reduces extremely soot and smoke
- maximum engine performance
- increases engine power and engine life
- supports self-cleaning of the DPF
- for 80 L diesel
- lowers fuel consumption
